DAUGHTERS BRAND MOTHER MURDERESS

Case Without Parallel Develops In New York.

SAY MOTHER KILLED BABIES

And Then Burned Their Bodies in Kitchen Stove—The Accusers Refuse to Call the Woman Who Bore Them "Mother."

New York, Nov. 23.—The spectacle of two women denouncing as a murderess the woman who brought them into the world, but when they refused to call her "mother," was witnessed in the office of the district attorney.

The women are Mrs. Marie Schoch, recently a resident of Massachusetts, and Mrs. Wilhelmina Ihrig, of this city. The mother whom they accused is Mrs. Wilhelmina Eckhart, who was arrested by representatives of the County Medical society on a charge of having performed a criminal operation.

The arrest was made upon information furnished the society by the daughters, and the two younger women appeared voluntarily at the district attorney's office to amplify the testimony they already had given against their mother.

Both Mrs. Schoch and Mrs. Ibrig declared that they had seen Mrs. Eckhart kill her hour-old infants and dispose of the bodies by burning them in her kitchen stove. Mrs. Ihrig declared also that her mother had quarreled with her because she refused to assist in burning the bodies of the babies.

Mrs. Schoch told the district attorney that when she was three days old her mother wrapped her in a bundle of rags and cast her into the street. She was rescued by her grandmother, who reared her, and with whom she remained until she became a woman.

When she came to this country she said she found her mother conducting a disorderly house and she declared that her mother sought to have her become an inmate of the place. She refused.

The first she knew of her mother's present occupation, she said, was when Mrs. Eckhardt's little adopted son made a discovery in the house which led to the exposure and Mrs. Eckhardt's arrest.

When she learned of the discovery made by the little boy, Mrs. Schoch said she went to her mother about it and she declares Mrs. Eckhardt proposed that they go into a partnership. This she did after consulting with representatives of the County Medical society, and with a view of causing Mrs. Eckhardt's arrest. It was while occupying this position in her mother's house, she said, that she procured the evidence which resulted in Mrs. Eckhardt's arrest. Mrs. Ihrig came here four months ago from Regensburg, Germany. She testified that she lived with her mother after coming here and that in August last she saw her mother burn the bodies of infants.

SWIFT JOURNEY TO GALLOWS.

Texas Makes a Record In Disposing of Dick Garrett.

Center, Tex., Nov. 23—Dick Garrett, the negro who killed Dr. M. M. Paul here last Saturday, was legally hanged Wednesday afternoon. The grand jury returned an indictment on Tuesday morning, the scaffold was constructed Tuesday night on the public square, the trial was held in the morning lasting from 9 to 11 o'clock, and the execution took place at 1:20 Wednesday afternoon.

The troops stationed at the jail to prevent threatened mob violence have departed and all excitement is now over.

Dr. Paul was killed by Garrett, whom he was endeavoring to arrest for displaying a weapon on the streets Saturday afternoon. The negro sought refuge at the home of H. B. Short and killed Dr. Paul when he entered. It was charged at the time that Short and his brtoher had offered protection to Garrett and instructed him to resist arrest. Later Mr. Short, who is in a state of nervous prostration, made a statement denying that he had instructed the negro to kill any one who attempted his capture. He said that when he caused the negro to be admitted to his home he believed him to be unarmed. His condition is critical.

UNKNOWN MAN IDENTIFIED.

Suicide's Body Identified as that of a Former Driver for Pawnee Bill.

Atlanta, Nov. 23.—The body of the unknown man who jumped from the Magnolia street bridge on Monday morning, and was killed by a railroad engine, was identified at the undertaking establishment of Barclay & Brandon Wednesday. His name is Charles McCaffee, and he formerly resided in New York city.

McCaffee joined the Pawnee Bill Wild West show when they were in New York, and traveled south with them, as a driver of one of the large teams. When the show arrived here he left it and went to work for the Nelson-Morris Packing company and since that time he had not been heard of until he was killed by the engine.

Funeral arrangements have not yet been decided. Barclay & Brandon have telegraphed to New York city for instructions.

This action was decided in accordance with the wishes of Mayor Dunne and the prominent negro people of Chicago. Mr. Tillman's subject will be "Shall the United States Annex Cuba?" It was originally intended that the subject would be "the race problem." Senator Tillman will be well guarded by the police while here.

STEAMSHIPS COLLIDE; MANY PEOPLE KILLED

Both Steamers Reported Badly Damaged From Shock.

NO OFFICIAL DETAILS RECEIVED

It Is Believed that Both Ships Met Head-On and that Glancing Blows Were Given Each Other—Boats Put Out from Shore to Aid.

Cherbourg, Nov. 23.—Details of the collision between the North German Lloyd steamer Kaiser Wilhelm der Grosse and the British mail liner Orinoco, show that it occurred at 9 o'clock Wednesday night.

The Kaiser Wilhelm der Grosse and the Orinoco were both outward-bound from Southampton, via Cherbourg, for New York, and West Indian ports, respectively.

The shock is described as having been terrific, causing panics among the passengers on board the two vessels, especially among the emigrants.

On the Orinoco three men and a woman were killed, six women and a man were injured, and five persons were knocked overboard and were drowned.

Of the two steamers, the Kaiser Wilhelm der Grosse is said to have sustained the most damage, but beyond the fact that she has a hole in one side of her, the nature of her injuries has not been ascertained.

Four of the crew of the Kaiser Wilhelm der Grosse are reported to have been killed and twelve injured, but the exact number of the killed and wounded on that vessel have not been reported here.

The damage to the Orinoco was confined to her bows. Both vessels remained in the roadstead here.

When the collision occurred the Kaiser Wilhelm der Grosse was running at the rate of 17 knots an hour from Cherbourg, after having touched here on her voyage out. The Orinoco was bound for this port when the accident occurred.

The commander of the Orinoco claims that he signalled that he was going to starboard of the North German Lloyd vessel, but that the latter held her course across the Orinoco's bows and only went to port of the Orinoco when it was too late. The engines of the Orinoco, it is added, were reversed as soon as it appeared likely that an accident would occur, but she crashed into the starboard bow of the Kaiser Wilhelm der Grosse, making a breach 12 feet in width. The stern of the Orinoco above the water line was carried away as the vessels cleared after the collision.

The shock threw all the passengers on the Kaiser Wilhelm der Grosse to their feet and the grinding of the Orinoco's bow into the steerage of the German vessel's side instantly killed four persons, disemboweling a girl 11 years old.

The captain of the Orinoco ordered boats to be cleared away, but the panic on board of her was general. Some of the crew jumped into and launched two of her boats and several frenzied women attempted to get into them as they were being lowered over the side. One boat was swamped as it struck the water.

So soon as the accident occurred a number of small boats from Cherbourg put out to the scene of the collision, and succeedd in rescuing some of the sailors and passengers who were struggling in the waves, but five of the crew of the Orinoco are believed to have been drowned.

Some of the bodies of the persons drowned were roovered during the day. Pilot LeSage had just left the Kaiser Wilhelm der Grosse when the accident occurred.

Southampton, Nov. 23.—Both the Kaiser Wilhelm der Grosse and the Orinoco, which were in collision off Cherbourg are expected to come to this port for repairs. The former must be temporarily repaired before leaving Cherbourg.

SAYS WHITES WILL ROB REDS.

Dramatic Incident Before Indian Investigating Committee.

McAlester, I. T., Nov. 23.—There was a dramatic incident here Wednesday before the senate Indian invetsigation committee. Rev. J. A. Morrow, of Atoka, who is engaged in Indian educational work, addressed the committee against the removal of restrictions and in a violent speech assailed the white men of the territory as the despoilers of the Indians.

Senator Teller, of Colorado, interrupted the speaker by the statement that in a short time the state government of Oklahoma could settle these questions. Rev. Mr. Morrow broke in, 'God save the full-bloods when statehood comes."

Senator C. D. Clark, of Wyoming, then asked: "Mr. Morrow, do you mean to tell me that the 1,200,000 white men of Oklahoma would conspire to rob the pitiable remnant of their lands?"

"I do, sir," replied Mr. Morrow. "I firmly believe it."

"Well, then, I don't," replied Senator Clark. "I think better of the race and the new citizens of the state to believe such thing."

Johnson, who shot and killed his brother about six months ago, will be brought back to Union county for trial, according to the ruling of the supreme court of North Carolina.

The governor set a special term of court here last July. The Union county grand jury found several true bills and the lawyers of the defendants made a move to quash the indictments which Judge Thomas Shad did.

The state appealed to the suprme court and the supreme court reversed Judge Shaw's decision. The governor will set another term of court to try these alleged lynchers, which will attract more attention than any case ever tried in North Carolina.

Preparing Patrick Appeal.

New York, Nov. 23.—It was stated Wednesday that friends of Albert Patrick, the lawyer, convicted of the murder of William Marsh Rice, have decided to desist in their efforts to bring the case before the supreme court of the United States. None of the lawyers who have acted for Mr. Patrick in his various proceedings would say anything about the new move. Mr. Kalish, of Lindsay, Kalish & Palmer, who have been preparing Patrick's appeal, said. "We have ben in conference with the district attorney's office daily. That is all I care to say about it."

A large delegation of ministers with lawyers who have been retained on behalf of the negro soldiers is to visit President Roosevelt on Monday at Washington and urge him to re-open the case.

Gilchrist Stewart, acting on behalf of the constitutional league, left on Wednesday for Fort Reno, Okla., where the soldiers are being discharged, to procure evidence from which is to be used in efforts to have the president re-open the cas.

SCHMITZ MUST FACE TRUE BIL

Was Indicted for Extortion, while on Board Ship.

New York, Nov. 23.—Mayor Schmitz, of San Francisco, who has been indicted in that city for extortion and who sailed from Hamburg on Nov. 10, on the Patricia, will probably arrive here late this afternoon.

It is said that out of consideration for Mrs. Schmitz, who is traveling with her husband, Francis J. Heney and District Attorney Langdon, of San Francisco, will spare the mayor the humiliation of arrest on his arrival. Schmitz does not know that he has been indicted, the findings of the grand jury having been made while the Patricia was in mid-ocean.

As the Patricia is not equipped with wireless apparatus, the first news Schmitz will have of his indictment will probably be from the newspapers taken aboard the steamer by the pilot at Sandy Hook.

While it is not known what the mayor may do, when he learns that he is charged with felony by the grand jury, it is generally believed he will waive extradition and go to his city at once.

Federal Court Again Recesses.

TANDARD FARMS SPRUNG SENSATION

Their Magnificent Stock Being Well Received At State Fair.

CHESTER M'DOWELL ON SHOW

Won the Championship At the Big Show, Which the Public Declares Was Deserved—Other Fine Stock of This Farm Won Prizes.

That the stock of the Standard Stock Farms of this city, of which Rev. Clarence B. Strouse and C. W. Chase are the owners, is appreciated by visitors to the great State Fair, who come from all over the United States, is evidenced by the following, from The Tampa Morning Tribune of the 22d inst.:

"One of the sensations at the Fair yesterday was the appearance before the grand-stand of the celebrated stallion, Chester McDowell, owned by the Standard Stock Farms of Gainesville and ridden by Mr. J. R. Allen, their manager. This horse deserves the championship which he has won. The unanimous sentiment of the great crowd which witnessed the show he made was that he was undoubtedly the greatest horse, from a standpoint of beauty and action, ever exhibited in the State. The applause was spontaneous as he moved back and forth before the stand. An offer of five thousand dollars was made for this horse by Tampa parties last Saturday, but his owners value him at twice that amount. Florida is to be congratulated upon having such a horse at the head of one of her leading stock farms. He will be exhibited again this afternoon.

"Keeps, the standard-bred stallion who won the blue ribbon in his class, is another magnificent horse exhibited by the Standard Stock Farm. He is still here on exhibition.

"The Standard Stock Farm won the blue ribbon for best four-in-hand with their hackneys; also the tandem class, and first and second with their coach teams. The first, second and third for best coach horse, all went to them, as did the combination saddle and driving class. Such a magnificent display as this farm makes, bringing, as they have, two carloads of up-to-date vehicles to show their horses to, deserves our hearty congratulations. This farm will doubtless be heard from in the future."

ALACHUA ATTRACTING MUCH ATTENTION

Educational and Woman's Work Exhibits Receiving Attention.

COMPLIMENT TO MANAGERS

Tampa Correspondent Says the Educational and Woman's Work Departments From Alachua Are As Good As Can Be Found in Entire Exhibit.

The educational and woman's work exhibits at the State Fair are said to be this year as fine as any ever seen in the South, and the people of Alachua county will be gratified to learn that their representatives are receiving a great many compliments on the general diversity and excellence of the display from this county.

The Tampa correspondent of The Times-Union, after a thorough inspection of all exhibits in these departments, has the following of interest to say regarding them:

"The party was photographed in the Alachua county section, with a huge pyramid of oranges as a photographic accessory and background to the picture.

"The Range people had a day of absolute rest, after a strenuous Saturday, and all go to work with strengthened lungs and more willing hands for the commencement of their second week's labors.

"The building at the Fair which contains the exhibit of the schools of Florida is now filled with an excellent display of the educational work of the children of the State. All the counties represented in the educational department have their displays in place, those which had been awaiting delayed freight cars having secured the missing portions of their collections.

"The Alachua county school exhibit placed by Dr. J. L. Kelley, Mrs. J. L. Kelley and Hon. T. A. Doke, member of the board of public instruction, which was late in completion, owing to material being delayed in transit to Tampa, is now in fine shape, and is in charge of Mrs Kelley. It is located in the center of the educational building, facing the aisle leading to the main building.

"The booth is arranged in a most artistic manner, and with such excellent taste and judgment as to make an inspection of the several departments most convenient and pleasant.

"The schools represented are the two high schools, Gainesville and Waldo; the schools at High Springs, Alachua, Hawthorn, Martha Perry Institute, Micanopy, Stroble, Island Grove, and several other grammar schools. All the exhibits are in handsomely decorated covers, and are very attractive, composed mostly of practical every-day routine work, selected from the regular studies of the pupils and not made with special reference to the Fair. A noticeable feature of the Gainesville Graded and High School is the illustrated sketch work in pen and ink, the historical papers being worthy of especial notice. This exhibit contains many mounted pictures characteristic of American history, from the discovery of the country to the present day. Another noteworthy feature are pictures representing Europe and Asia. The architectural designs shown are also greatly admired.

"A handsome collection of amateur photographs comprising forty-four different scenes are displayed by one pupil of the ninth grade.

"A feature peculiar to Alachua's exhibit is the triplicate examination tablet in orthography, originated by Superintendent Kelley. The tablets containing carbons are supplied to all schools, and used in all grades from the fourth up. These examinations are held monthly, the original copy going to the superintendent's office, and duplicates to parents, the triplicate being retained by the teacher. In this way a proper estimate is given as to the ability of both teacher and pupil. After two years' use this has proved to be very beneficial. In the use of this tablet the pupil is impressed with the importance of syllabicating and marking diacritically. A practical demonstration may be seen in the Alachua exhibit.

The Woman's Work.

"Alachua in its pretty booth of silver and white, presided over by Mrs. W. H. Palmer, manager, assisted by Mrs. Geo. W. Hyde, both of Gainesville, has an exhibit which consists of various articles. Mrs. Henderson and Mrs. Turner have some fine quilts. Mrs. Clark of Gainesville has two beautiful lace collars, one black and one white. A complete dress in shadow embroidery, done by Mrs. Dr. Richards. Two short waists by Mrs. W. R. Thomas, one by Mrs. Robert Haegy, Archer. In linen embroidery Mrs. J. E. Hudson has a fine collection. Mrs. J. H. Tucker's centerpiece in Battenburg and roses is beautiful. There are five knit and embroidered bed spreads; one which attracts great attention is owned by Mrs. H. T. Grannfun, Gainesville; Mrs. Colclough and Mrs. McCormick both have pretty articles. A hat made by Mrs. McCormick is a beauty. Miss Bertha Boyd has a fine collection of drawn work centerpieces. M. Graham's Battenburg lace centerpieces and silk quilts are very attractive. High Springs is represented by Mrs. J. J. Stephenson in dainty crocheting. CAPTAIN BEVILLE IN LUCK.

Has Patented a Device Long in Demand by Railroad Companies.

Friends of Captain A. S. Beville, formally of this city but now residing in Jacksonville, will congratulate him upon his ingenuity in inventing a stationary car stanchion for lumber cars, which is calculated to make it an easy matter for the railroad companies to equip their cars with stationary props, or stanchions, something which has long been needed and in demand by shippers of lumber.

For several years the shippers of lumber throughout the country have been endeavoring to induce the railroad companies to equip their cars with some kind of a device for retaining the loads, instead of having to go to the trouble and expense of providing this equipment themselves, which was a source of not only extra expense, but a great deal of annoyance.

Captain Beville, for many years engaged in the railroad service, and being inspired to action by the necessity of such a device, interested himself in an effort to devise same, in which The Times-Union of Friday declares he has been successful.

In the event that the equipment proves what is claimed, Captain Beville will have not only proven a benefactor mutually to the railroads and sawmill men, but struck the proper financial chord for himself.

JURY DECLARES CHISHOLM SANE

Spent All Night Deliberating the Case.

HE IS MENTALLY FIT FOR TRIAL

Verdict of Jury Was Unanimous and It Is Understood that Little Delay Was Encountered in Reaching this Agreement.

Birmingham, Ala., Nov. 22.—After having been out all night the jury in the case of the insanity of Alex R. Chisolm, former paying teller of the First National bank, who defaulted for $100,000, brought in a verdict declaring that the defendant is sane and is sufficiently in possession of his mental faculties to be tried for the defalcation. The verdict of the jury was unanimous and it is understood that little delay was encountered in reaching an agreement.

Court then adjourned until Wednesday at 3 o'clock p., because of the illness of a juror. At that hour the trial proceeded from the point where it left off when the insanity issue was raised by the defense, after the prosecution had rested its case.

Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

The navy department has definitely announced that it would remove the gun cotton factory between now and Christmas, some of the machinery being consigned for Indian Head, Md.

The following was the order of exercises for the evening: At 7 p. m. devotional services; 7:30 p. m. convention called to order; secretary announced names of delegates; election of officers; address of welcome on behalf of Cartersville; reply on behalf of the convention; adoption of regular order of business; fixing hours of meeting; convention sermon.

Held in $2,500 Bail.

New York, Nov. 22.—George Dillon, 18 years old, and $8 a week clerk in the employ of the Fruit and Produce Trade association, was arrested and arraigned in the Toombs police court Tuesday. Dillon waived examination and was held in $2,500 bail. The complainant against Dillon was Ward M. Smith, manager of the Fruit and Produce Trade association, and also manager for the American Copper and Gold company. According to Assistant District Attorney Krotel, Dillon used letter heads of the association to induce its customers to invest in the Eastern Trust company at $1000 a share. Dillon, he says, signed himself as assistant secretary of the fruit concern, but on other letters signed the name of C. H. Adams, president of the Eastern Union company. Mr. Krotel said he had evidence showing that Dillon had received more than $10,000 from unsuspecting customers.

Threw Baby Overboard.

New York, Nov. 22.—Rosa Naegle, who threw her baby overboard in mid-ocean was adjudged insane by physicians sent by the commissioner of immigration to examine her on the steamship Nieuw Amsterdam from which the child was thrown, and on which the girl had been detained. She will be sent back to Europe. According to her story, she had been employed here as a governess and went six months ago to see her relatives in Switzerland. While returning on the Nieuw Amsterdam, she threw Mrs. Aaron Guowski's one-year-old boy, Aaron, overboard after hugging and kissing him.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

New York, Nov. 22.—Bishop Chas. H. Fowler, of the Methodist Episcopal church, who has been ill for five weeks, and although he is not yet able to leave his home, is reported to be recovering rapidly. We call Gerald our Peruna boy. He is in the finest of health and his mother has never enjoyed such excellent health.

ECONOMY IN COTTON GINNING.

The ginning of 7,000,000 bales of cotton in two months is not by any means the least of industrial operations of which the United States is proud. The official report states that 27,481 ginneries were in operation in the performance of this work up to November 1.

A comparison of the different States shows very unequal capacity. Texas, to the above date, had ginned 2,535,378 bales by operating 4,145 ginneries, while Georgia reported only 1 001,124 as the output of 4,461 active ginneries. The production of two and a half times as much cotton in Texas by a smaller number of ginneries than in Georgia must necessarily involve a much higher cost of production so far as the ginning process alone is concerned. The scale on which operations are conducted in Texas is likely to be larger and the cost of preparation for the market naturally smaller. Now that the cost of producing cotton is again coming into consideration on account of the question of price control by producers, it is well to look to these minor elements of cost and see whether, in the older sections of the country where cotton is grown, the day of the small ginnery, on account of greater expense in operation per unit of product, has not come to an end. The economy which comes from co-operation should be realized not only in warehousing the crop, but also in its mechanical preparation for market.

AN HONEST AND IMPARTIAL REPUBLICAN.

The retirement of Secretary Hitchcock from the Cabinet is a great loss to his countrymen. He is the only member of the Administration that has accomplished real results in his department that are worth talking about. He has not boasted or blustered, but has pretty effectually cleared out the land thieves and punished them without fear or favor. Republican United States Senators and Congressmen that were mixed up with the land grafters were not shielded, but prosecuted with as much vigor as the lesser grafters, and as this is the first time in the history of the Republican party of a Cabinet officer being impervious to party pressure and impartial in punishing and preventing fraud, Ethan Allen Hitchcock is entitled to the thanks of Democrats, the more so, as so many of his own party are secretly denouncing and backbiting him.

THE PURE FOOD LAW.

The Republicans claim the credit for the pure food law, but the Republican Congress made no appropriation for carrying the law into effect. The majority of the Republican members of Congress have little sympathy with the law and tried before they passed it to weaken it at every point. When it comes to voting the appropriation of $1,000,000 which Secretary Wilson says is necessary to carry out the provisions of the law, we shall see how much influence has been exerted by such opponents as the patent medicine people and other interests that are interfered with. The law goes into effect on January 1st, but until provision is made for its enforcement, it will be virtually a dead letter.

Every wife should be a helpmate to her husband. For instance, if you have the pleasures of a large washing before you and he has the laborious task of going to the city, or taking a trip through the country, change work with him; let him help you wash in the forenoon and you help him ride in the afternoon. A good wife will deny herself to entertain her husband, especially on wash day. But some men will say, "When I come down to that I'll hire it done." We find no fault with hiring it done, but as to coming down to help a woman, dear sir, who created you so far above a woman that you have to condescend to come down?

Every town has an ambition to become a trade center and a boom city, with no special natural features or geographical advantages. Under such conditions what is most needed is some enterprise on the part of its local capitalists. They must make the first advance in the uncertain field of development. They must capitalize small factories and see that they are kept employed. When the local business is finally developed and proves to the world that they are successful, then outside enterprises will be sure to step in and enjoy your prosperity with you. Just like a fellow who finds a favorite fishing hole and catches fish, and all the other fishermen who see that he is catching will drop their hooks right by the side of the lucky fisherman. The business men of any town should stop talking and hoping for others to do something for the town. They should get together themselves and prove to the world that they have a money-making town. No outsider will want to fish in our swimming hole until we prove that they can catch fish.

"Advertising is no good," said the man in old clothes. "It never helped me none." The millionaire merchant smiled. "That is because you tried it, John, as the Indian tried the featherbed. An Indian took a feather, placed it on a plank and slept on it all night. In the morning he growled: 'Paleface say feathers heap soft. Paleface heap fool, ugh!'"

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TRAIN DASHES DOWN MOUNTAIN

Two Killed and Three Injured In Accident.

PILED UP IN HEAP OF DEBRIS

The Conductor and Fireman Were Both Killed—The Train Ran Ten Miles at the Rate of 70 Miles an Hour.

Asheville, N. C., Nov. 22.—Fast train No. 72 on the Southern railway ran a distance of some 10 miles at a speed of probably 70 miles an hour and was piled up in a heap of splintered wood and twisted iron when it struck a sharp curve near Old Fort. Two men were killed and three injured, two probably fatally.

The train broke loose, and rushed down the steep mountain side. It was beyond all control and gained momentum at every yard. At the end there was a fearful crash and the train was broken into kindling wood and twisted iron. The throttle got beyond control while descending a steep grade. Rocking and swaying, it raced down the mountain, dashed through Point tunnel, holding to the rails until a sharp curve just west of Old Fort, when it left the track with a terrific crash and was piled up in a heap of debris, killing or injuring the entire train crew. The roadbed was torn up, telegraph poles broken and all wire communication cut off.

The presence of mind of a mountainer who, while asleep in his cabin, heard the awful roar of the train as it plunged down the mountain and the terrific crash that followed as it left the rails and was smashed into a mass of wreckage, prevented further catastrophe. He at once rushed to the Old Fort station and at 11:45 o'clock informed the night operator of what had occurred. The chief dispatcher at Asheville was immediately notified of the disaster and took prompt action to prevent other trains from dashing into the wreck.

The dead are:

Conductor J. Greeley Wolfe, of Asheville.

Fireman Horace West, of Asheville.

The injured:

Engineer Joseph M. Dougherty, of Asheville, bones broken and internal injuries, probably fatal.

Brakeman William P. Rowe, of Asheville, arm and leg broken, internal injuries, may die.

A brakeman, name unknown, arm broken.

Two wrecking trains were at once made up and with physicians aboard rushed to the scene.

All trains will be delayed until the tracks are cleared. In the meantime passenger trains will be routed by way of Spartanburg.

Southern Will Double Track.

Charlotte, N. C., Nov. 22.—The Southern railway has just let a contract for double tracking the main line between this city and Atlanta. The contracting firm is the Oliver company of Knoxville, Tenn., one of the largest in the south. The undertaking is monumental and it is not improbable that the Oliver people will sublet contracts to smaller companies. This information comes from an authentic source. The work will be begun by Dec. 1 or Jan. 1. It will probably take three or four years to do this work, as aside from the double trackage, the course of the track will be changed at many points and the curves and grades done away with as far as possible. The line when completed will be almost a new one.

The contractors already have a contract for improving the local freight yards, and this morning 93 mules and two steam shovels were brought here for the work. The Southern has been forced to this proposition on account of the congestion of traffic, which it has been unable to meet with its present facilities.

Double tracking has been in progress north of this city to a consilerable extent and the second line has been laid between several of the larger cities as far north as Danville. It is not improbable that the line will be double tracked between here and Spencer, in order to eventually give double trackage all the way between Washington and Atlanta.

30 People Injured in a Wreck.

Mobile, Ala., Nov. 22.—At 10 p. m. Tuesday night fast mail train No. 2, northbound, on the Mobile and Ohio railroad, while on a siding at Dwight, Ala., 50 miles north of Mobile, was crashed into by southbound fast mail No. 3. Both engines and trains were badly damaged and 25 or 30 persons injured, all slightly. The wreck is said to have been caused by a flagman becoming confused in his orders and opening the switch ahead of the northbound train, thus throwing the southbound train from the main line into the other train on the siding.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Buenzl of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists.

RENIGGING BY TEDDY FOR NEGROES

...sident Roosevelt Has Issued a Strong Reply

ROTEST FROM NEW YORK

...retary of War Taft Has Directed ...at the Procedings for Discharging ...e Negroes Be Continued Without ...elay.

...New York, Nov. 22.—A cable dis... from President Roosevelt de... ...ing to suspend his order discharg... the negro troops of the Twenty... ... regiment unless the facts as ...wn to him are shown to be false, ... expressing his willingness to hear ... facts bearing upon the case, has ... made public by Gilchrist Stew... ... of the Constitutional league.

...Mr. Stewart cabled Roosevelt at ...on, Panama, as follows:

"Republican county committee de... ...ces discharge of colored soldiers ...imously. Parsons, Olcott, Ben..., committee, petitioning depart... ... Newspapers emphatic. De...ments and new facts warrant an ...ediate suspension of order."

The president's reply contained the ...owing:

"Unless facts as shown to me are ...wn to be false, the order will un... no circumstances be revoked, and ...shall not for one moment consider ...ending it on a simple allegation ...t ther are new facts until these ...w facts are laid before me. Inform ...y persons having new facts to have ...em in shape to lay before me at my ...rn, and I will then consider ...ther or not any further action by ...e is called for.

"Theodore Roosevelt."

The president's view is that the ne... soldiers, in refusing information ...essary to the apprehension of the ...s who committed criminal acts at ...wnsville, Tex., struck at the very ...rt of military justice and disci...ne. Had the white troops done ... same thing, they would have ...fered the same penalty.

...shington, Nov. 22.—The war ...tment issued the following ...tement Wednesday concerning the ...gro troops ordered dismissed at ...rt Reno:

"In the matter of the order dis...rging the enlisted men of three ...mpanies of the Twenty-fifth Infan...y issued by the president, applica... was presented to the secretary ... war by a number of persons of ...ading asking for a rehearing by ...e president of the ground on which ...e action was taken. The secretary ...ographed the president of the ap...cation and delayed the proceedings ...f the discharge until the president ...uld indicate his wishes. The sec...tary was in the meantime called ...t of town. No answer was re...ived from the president. The ...cretary on his return did not feel ...stified in further delaying the ex...ution of the order of discharge, ...pecially in view of the fact that the ...cretary then learned that the pres...dent had fully and exhaustively con...idered the argument against the or... of the persons who now applied ...r a rehearing. Accordingly, the ...cretary directed yesterday (Tues...y) that the proceedings for dis...arging the negroes be continued ...thout delay."

Was Murdered for Money.

Spartanburg, S. C., Nov. 22.—...s. Tinsley, an aged white woman, ...as found at her home near Gaffney, ...ith her throat cut, and it is believ...d she was murdered for her money. ...t was known that she had a large ...um in the house, though when it was ...earched none was found. Tom Har..., a white man, has been arrested ...n suspicion.

Roosevelt Lands at Ponce,

Ponce, P. R., Nov. 22.—President ...oosevelt arrived here Wednesday ...orning from Colon and was received ...n landing at 8:50 a. m. by Gov. ...Winthrop and the other prominent in...ular officials. The town, which was ...profusely decorated in the president's ...onor, was crowded with people from ...the surrounding country eager to greet ...Mr. Roosevelt.

There is No Reason

Why your baby should be thin, and ...restful during the night. Worms are ...the cause of this, sickly babies. It is ...natural that a healthy baby should be ...fat and sleep well. If your baby does ...not retain its food, don't experiment ...with salve cures and other medicine, ...but try a bottle of White's Cream ...Vermifuge, and you will soon see your ...baby have color and laugh as it should. ...Sold by W. Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Interest in Trial Increases.

Herkimer, N. Y., Nov. 22—Interest in the trial of Chester Gillette, who is charged with the murder of Miss Grace Brown, increases as the testimony in this sad love romance develops. A great throgn filled the court room and listened to the pathetic letters the girl wrote Gillette for three months previous to her death. In them the factory girl "Bill" Brown, as Gillette affectionately called her, laid her soul bare and ended with pitiful pleadings to her recreant lover to come and keep his promise that he would wed her. There was not a man or woman in the court room who heard the sad recital and remained unmoved. The prisoner himself wept for the first time in his trial, showing emotion.

Thaw Prepares For Trial.

New York, Nov. 22.—Harry K. Thaw had a long conference with Lawyers Delmar, Gleason and Peabody Tuesday in preparation for his trial, which is expected to begin on Dec. 3. He was subjected to a searching examination by Delmra on new phases of the case developed by detectives. Mrs. Evelyn Nisbet Thaw was in a cheerful mood after the interview with her husband at his cell door and said: "My husband can hardly wait for his trial day. The last thing he said to me was 'I'll be home Christmas.' I know he will be free by that time unless there is something happens to delay the trial."

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Case Sent to Supreme Court.

New York, Nov. 23.—Developments in court Wednesday make it almost certain that Harry K. Thaw will not be tried for the shooting of Stanford White on Dec. 3, the day recently fixed. On the motion of District Attorney Jerome, the case was sent to the supreme court by Justice Greenbaum, who is sitting in the criminal branch. It has been originally planned to try the Thaw case before Recorder Goff, in general sessions. The change in program is the result of opposition of Clifford W. Hartridge, of counsel for Thaw, to the district attorney's application for a special panel of 150 talesmen from which to select the jury.

MOVE TO BAR TILLMAN.

An Attempt Made to Prevent Senator Speaking in Chicago.

Chicago, Nov. 22.—Protest against the delivery of an address in Chicago by Senator Benjamin Tillman was made to Mayor Dunne by a delegation of negroes. Dr. A. J. Carey, pastor of Bethesda church, was the spokesman of the party and he declared that Senator Tillman's speech would destroy the harmony now existing in this city among the negroes.

Mayor Dunne asked the committee of data of several speechs said to have been delivered by Senator Benjamin Tillman, and he will hold a conference with the people interested in the Chicago Union hospital, who were instrumental in bringing the senator to this city.

The funds to be derived from the lecture of the senator are to go to the hospital.

The mayor would not discuss the matter today or intimate what action he would take, if any.

"I will only say," he said, "that a man who justifies lynching cannot be a consistent believer in law."

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

She Killed Him; Jury Justifies.

Valdosta, Ga., Nov. 22.—Coroner Finley, has just returne dfrom the town of Edith, Ga., having been called there to hold an inquest over Ruth Bradley, a prominent logging contractor, formerly of Appling county, Ga., who was killed by his wife. Evidence showed he was drinking and beating his wife. He tried to shoot her when she got hold of the weapon and fired, the bullet passing entirey through his body and causing instant death. Her testimony was that he had mistreated her for 12 years and her body and face showed bruised spots which she said he inflicted. The coroner's jury declared the killing was justifiable. The couple have three children.

Negroes Held This Murderer.

Dublin, Ga., Nov. 22.—Tuesday morning Will Horn was placed in jail on the charge of killing Jerry Roberts. Horn was arrested by the negro mill hands at work for B. M. Grier, 3 miles west of Dublin, and was held until Sheriff Prince reached the scene of the killing. He would not surrender until he had been slightly wounded by one of the negroes. Horn killed Roberts by cutting an artery in his leg. It is alleged that the killing was not justifiable. Both negroes were mill employes. Sheriff Prince made a short speech to the negroes, commending them for endeavoring to uphold the law and order by arresting Horn.

Slayer Held Without Bail.

Atlanta, Nov. 22.—Will Smith, the negro who struck Henry Williams, another negro, a death blow with an ax last Monday night at 23 Dora street, was arraigned in the recorder's court Tuesday. The difficulty occurred at 4 o'clock Monday afternoon and Williams died at the Grady hospital Tuesday. There was no witness who could tell what the fight was about and the defendant declined to make a statement. He was held for murder without bail. Geo. Evans, the nephew of the dead man, was tried for chasing Smith, after the fight, and cutting him with a knife. Evans was held for stabbing in a $100 bond.

TRAIN DASHES DOWN MOUNTAIN

Two Killed and Three Injured In Accident.

PILED UP IN HEAP OF DEBRIS

The Conductor and Fireman Were Both Killed—The Train Ran Ten Miles at the Rate of 70 Miles an Hour.

Asheville, N. C., Nov. 22.—Fast train No. 72 on the Southern railway ran a distance of some 10 miles at a speed of probably 70 miles an hour, and was piled up in a heap of splintered wood and twisted iron when it struck a sharp curve near Old Fort. Two men were killed and three injured, two probably fatally.

The train broke loose, and rushed down the steep mountain side. It was beyond all control and gained momentum at every yard. At the end there was a fearful crash and the train was broken into kindling wood and twisted iron. The throttle got beyond control while descending a steep grade. Rocking and swaying, it raced down the mountain, dashed through Point tunnel, holding to the rails until a sharp curve just west of Old Fort, when it left the track with a terrific crash and was piled up in a heap of debris, killing or injuring the entire train crew. The roadbed was torn up, telegraph poles broken and all wire communication cut off.

The presence of mind of a mountainer who, while asleep in his cabin, heard the awful roar of the train as it plunged down the mountain and the terrific crash that followed as it left the rails and was smashed into a mass of wreckage, prevented further catastrophe. He at once rushed to the Old Fort station and at 11:45 o'clock informed the night operator of what had occurred. The chief dispatcher at Asheville was immediately notified of the disaster and took prompt action to prevent other trains from dashing into the wreck.

The dead are:

Conductor J. Greeley Wolfe, of Asheville.

Fireman Horace West, of Asheville.

The injured:

Engineer Joseph M. Dougherty, of Asheville, bones broken and internal injuries, probably fatal.

Brakeman William P. Rowe, of Asheville, arm and leg broken, internal injuries, may die.

A brakeman, name unknown, arm broken.

Two wrecking trains were at once made up and with physicians aboard rushed to the scene.

All trains will be delayed until the tracks are cleared. In the meantime passenger trains will be routed by way of Spartanburg.

Southern Will Double Track.

Charlotte, N. C., Nov. 22.—The Southern railway has just let a contract for double tracking the main line between this city and Atlanta. The contracting firm is the Oliver company of Knoxville, Tenn., one of the largest in the south. The undertaking is monumental and it is not improbable that the Oliver people will sublet contracts to smaller companies. This information comes from an authentic source. The work will be begun by Dec. 1 or Jan. 1. It will probably take three or four years to do this work, as aside from the double trackage, the course of the track will be changed at many points and the curves and grades done away with as far as possible. The line when completed will be almost a new one.

The contractors already have a contract for improving the local freight yards, and this morning 93 mules and two steam shovels were brought here for the work. The Southern has been forced to this proposition on account of the congestion of traffic, which it has been unable to meet with its present facilities.

Double tracking has been in progress north of this city to a consilerable extent and the second line has been laid between several of the larger cities as far north as Danville. It is not improbable that the line will be double tracked between here and Spencer, in order to eventually give double trackage all the way between Washington and Atlanta.

30 People Injured in a Wreck.

Mobile, Ala., Nov. 22.—At 10 p. m. Tuesday night fast mail train No. 2, northbound, on the Mobile and Ohio railroad, while on a siding at Dwight, Ala., 50 miles north of Mobile, was crashed into by southbound fast mail No. 3. Both engines and trains were badly damaged and 25 or 30 persons injured, all slightly. The wreck is said to have been caused by a flagman becoming confused in his orders and opening the switch ahead of the northbound train, thus throwing the southbound train from the main line into the other train on the siding.

RENIGGING BY TEDDY FOR NEGROES

...sident Roosevelt Has Issued a Strong Reply

...ROTEST FROM NEW YORK

...tary of War Taft Has Directed ...t the Procedings for Discharging ...e Negroes Be Continued Without ...ay.

...w York, Nov. 22.—A cable dis... from President Roosevelt de... to suspend his order discharg... the negro troops of the Twenty... regiment unless the facts as ...n to him are shown to be false, ...xpressing his willingness to hear ...facts bearing upon the case, has ...made public by Gilchrist Stew... of the Constitutional league.

...r. Stewart cabled Roosevelt at ..., Panama, as follows:

"Republican county committee de...es discharge of colored soldiers ...imously. Parsons, Olcott, Ben..., committee, petitioning depart... Newspapers emphatic. De...ments and new facts warrant an ...diate suspension of order."

The president's reply contained the ...owing:

"Unless facts as shown to me are ...wn to be false, the order will un... no circumstances be revoked, and ...shall not for one moment consider ...pending it on a simple allegation ...ther are new facts until these ...e facts are laid before me. Inform ...persons having new facts to have ...m in shape to lay before me at my ...rn, and I will then consider ...ther or not any further action by ...s called for.

"Theodore Roosevelt."

The president's view is that the ne... soldiers, in refusing information ...essary to the apprehension of the ... who committed criminal acts at ...nsville, Tex., struck at the very ...t of military justice and disci... Had the white troops done ...same thing, they would have ...ered the same penalty.

"In the matter of the order dis...rging the enlisted men of three ...panies of the Twenty-fifth infan... issued by the president, applica... was presented to the secretary ...r by a number of persons of ...ding asking for a rehearing by ...president of the ground on which ...action was taken. The secretary ...graphed the president of the ap...ation and delayed the proceedings ...the discharge until the president ...ld indicate his wishes. The sec...ary was in the meantime called ...of town. No answer was re...ved from the president. The ...retary on his return did not feel ...fied in further delaying the ex...tion of the order of discharge, ...pecially in view of the fact that the ...retary then learned that the presi...t had fully and exhaustively con...ered the argument against the or... of the persons who now applied ...a rehearing. Are You Tired, Nervous and Sleepless?

Nervousness and sleeplessness are usually due to the fact that the nerves are not fed on properly nourishing blood; they are *starved* nerves. Dr. Pierce's Golden Medical Discovery *makes pure, rich blood*, and thereby the nerves are properly nourished and all the organs of the body are run as smoothly as machinery which runs in oil. In this way you feel clean, strong and strenuous—you are toned up and invigorated, and you are good for a whole lot of physical or mental work. Best of all, the strength and increase in vitality and health are *lasting*.

The trouble with most tonics and medicines which have a large, booming sale for a short time, is that they are largely composed of alcohol holding the drugs in solution. This alcohol shrinks up the red blood corpuscles, and in the long run greatly injures the system. One may feel exhilarated and better for the time being, yet in the end weakened and with vitality decreased. Dr. Pierce's Golden Medical Discovery contains no alcohol. Every bottle of it bears upon its wrapper *The Badge of Honesty*, in a full list of all its several ingredients. For the druggist to offer you something he claims is "just as good" is to insult your intelligence.

Every ingredient entering into the world-famed "Golden Medical Discovery" has the unanimous approval and endorsement of the leading medical authorities of all the several schools of practice. No other medicine sold through druggists for like purposes has any such endorsement.

The "Golden Medical Discovery" not only produces all the good effects to be obtained from the use of Golden Seal root, in all stomach, liver and bowel troubles, as in dyspepsia, biliousness, constipation, ulceration of stomach and bowels and kindred ailments, but the Golden Seal root used in its compounding is greatly enhanced in its curative action by other ingredients such as Stone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure triple-refined glycerine.

"The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation, biliousness and headache.

Interest in Trial Increases.

Herkimer, N. Y., Nov. 22—Interest in the trial of Chester Gillette, who is charged with the murder of Miss Grace Brown, increases as the testimony in this sad love romance develops. A great throgn filled the court room and listened to the pathetic letters the girl wrote Gillette for three months previous to her death. In them the factory girl "Bill" Brown, as Gillette affectionately called her, laid her soul bare and ended with pitiful pleadings to her recreant lover to come and keep his promise that he would wed her. There was not a man or woman in the court room who heard the sad recital and remained unmoved. The prisoner himself wept for the first time in his trial, showing emotion.

Thaw Prepares For Trial.

New York, Nov. 22.—Harry K. Thaw had a long conference with Lawyers Delmar, Gleason and Peabody Tuesday in preparation for his trial, which is expected to begin on Dec. 3. He was subjected to a searching examination by Delmra on new phases of the case developed by detectives. Mrs. Evelyn Nisbet Thaw was in a cheerful mood after the interview with her husband at his cell door and said: "My husband can hardly wait for his trial day. The last thing he said to me was 'I'll be home Christmas.' I know he will be free by that time unless there is something happens to delay the trial."

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Case Sent to Supreme Court.

New York, Nov. 23.—Developments in court Wednesday make it almost certain that Harry K. Thaw will not be tried for the shooting of Stanford White on Dec 3, the day recently fixed. On the motion of District Attorney Jerome, the case was sent to the supreme court by Justice Greenbaum, who is sitting in the criminal branch. It has been originally planned to try the Thaw case before Recorder Goff, in general sessions. The change in program is the result of opposition of Clifford W. Hartridge, of counsel for Thaw, to the district attorney's application for a special panel of 150 talesmen from which to select the ury.

MOVE TO BAR TILLMAN.

An Attempt Made to Prevent Senator Speaking in Chicago.

Chicago, Nov. 22.—Protest against the delivery of an address in Chicgo by Senator Benjamin Tillman was made to Mayor Dunne by a delegation of negroes. Dr. A. J. Carey, pastor of Bethesda church, was the spokesman of the party and he declared that Senator Tillman's speech would destroy the harmony now existing in this city among the negroes.

Mayor Dunne asked the committee of data of several speechs said to have been delivered by Senator Benjamin Tillman, and he will hold a conference with the people interested in the Chicago Union hospital, who were instrumental in bringing the senator to this city.

The funds to be derived from the lecture of the senator are to go to the hospital.

The mayor would not discuss the matter today or intimate what action he would take, if any.

"I will only say," he said, "that a man who justifies lynching cannot be a consistent believer in law."

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.

She Killed Him; Jury Justifies.

Valdosta, Ga., Nov. 22.—Coroner Finley, has just returne dfrom the town of Edith, Ga., having been called there to hold an inquest over Ruth Bradley, a prominent logging contractor, formerly of Appling county, Ga., who was killed by his wife. Evidence showed he was drinking and beating his wife. He tried to shoot her when she got hold of the weapon and fired, the bullet passing entirey through his body and causing instant death. Her testimony was that he had mistreated her for 12 years and her body and face showed bruised spots which she said he inflicted. The coroner's jury declared the killing was justifiable. The couple have three children.

Negroes Held This Murderer.

Dublin, Ga., Nov. 22.—Tuesday morning Will Horn was placed in jail on the charge of killing Jerry Roberts. Horn was arrested by the negro mill hands at work for B. M. Grier, 3 miles west of Dublin, and was held until Sheriff Prince reached the scene of the killing. He would not surrender until he had been slightly wounded by one of the negroes. Horn killed Roberts by cutting an artery in his leg. It is alleged that the killing was not justifiable. Both negroes were mill employes. Sheriff Prince made a short speech to the negroes, commending them for endeavoring to uphold the law and order by arresting Horn.

Slayer Held Without Bail.

Atlanta, Nov. 22.—Will Smith, the negro who struck Henry Williams, another negro, a death blow with an ax last Monday night at 23 Dora street, was arraigned in the recorder's court Tuesday. The difficulty occurred at 4 o'clock Monday afternoon and Williams died at the Grady hospital Tuesday. There was no witness who could tell what the fight was about and the defendant declined to make a statement. He was held for murder without bail. Geo. Evans, the nephew of the dead man, was tried for chasing Smith, after the fight, and cutting him with a knife. Evans was held for stabbing in a $100 bond.
